Subject: [allhealthunits] alPHa Resolutions Session

Dear alPHa Members. We had a great conference last week and I would like to thank everyone who participated. alPHa staff have received many positive comments about the program and the resort location. We did have some unfinished business, however, regarding our resolutions session. Unfortunately, we had to adjourn the meeting due to lack of quorum. The alPHa Board met after the resolutions session and the Executive will be reviewing the options for getting the resolutions that have been put forward for 2008 before alPHa's membership as soon as possible. You can expect to hear about alternate arrangements in the next few weeks. We are sorry for this inconvenience, but we are committed to finding an alternative solution so the resolutions can be discussed and voted on.

Thank you for your understanding.

Linda
