Dear Premier McGuinty:

**Re: Menu Labeling**

At its January 19, 2011 meeting, the Perth District Board of Health considered correspondence from Porcupine Health Unit which contained the following resolution:

1. *The Board of Health for the Porcupine Health Unit supports informing consumers with respect to their eating choices such that healthy decisions can be made;*
2. *That the Board of Health for the Porcupine Health Unit supports and endorses Bill 90, the Healthy Decisions for Healthy Eating Act, 2010, so that such healthy decisions can be made by Ontario consumers.*

I would like to make you aware that this resolution was supported by the Board of the Perth District Health Unit.

Yours truly,

Randy C. Brown, Secretary  
Board of Health of the Perth District Health Unit
